Photocell
technology

*Increase the efficiency of label counting
and label distribution.*

Model : 3D150CNT

High Speed Digital Label Counter

Specification

Power supply: 240Vac 50/60Hz or 110Vac 50/60Hz

| | |
|---------------------|---------------------------|
| Reel Width | 155mm (6") |
| Reel Diameter | 305mm (12") |
| Reel Weight | 5.0kg |
| Rewind Speed | 33m/min max (variable) |
| Rewind Options | Inside/Outside |
| Unit Weight | 6.5Kg |
| Physical Dimensions | 245, 270, 340mm (L, W, H) |

The **3D150CNT** offers both performance and functionality at an affordable cost. The units can be used to verify the number of labels on a reel or wind a preset number of labels from a source reel on to a target reel.

Key Features Include:

- 100% count accuracy
- Unwinder, Rewinder and Counter integrated into a single compact unit (no alignment problems)
- Handles label reels up to 6" wide and 12" diameter
- Reel tension control
- Totalising and Preset counting modes
- Digital readout of instantaneous and preset count values
- Stop/Start control - maintains count value
- Off-line (Reel-to-Reel) Rewind.
- Inside/outside wind selector.
- Variable speed control up to 33m/min
- Universal rewind mandrel for winding on to coreless, 44mm or 76mm cores.
- Direct drive motor with dynamic braking (no clutch and brake mechanism).
- Optional Slitter for destroying labels after counting
- Optional label sensor options for transparent labels.

To Order, please quote the following model numbers:

- **3D2071CNT** : Standard Label Counter (Opaque Labels only)
- **3D2071CNT-T** : Transparent Label Counter (no metallic)
- **3D2071CNT-B** : Booklet Label Counter (Opaque Labels only)
